**Download**

---

Apr 08, 2006 hi there, i dont have makecert exe in my system can somebody point me to a location so that i can download one.

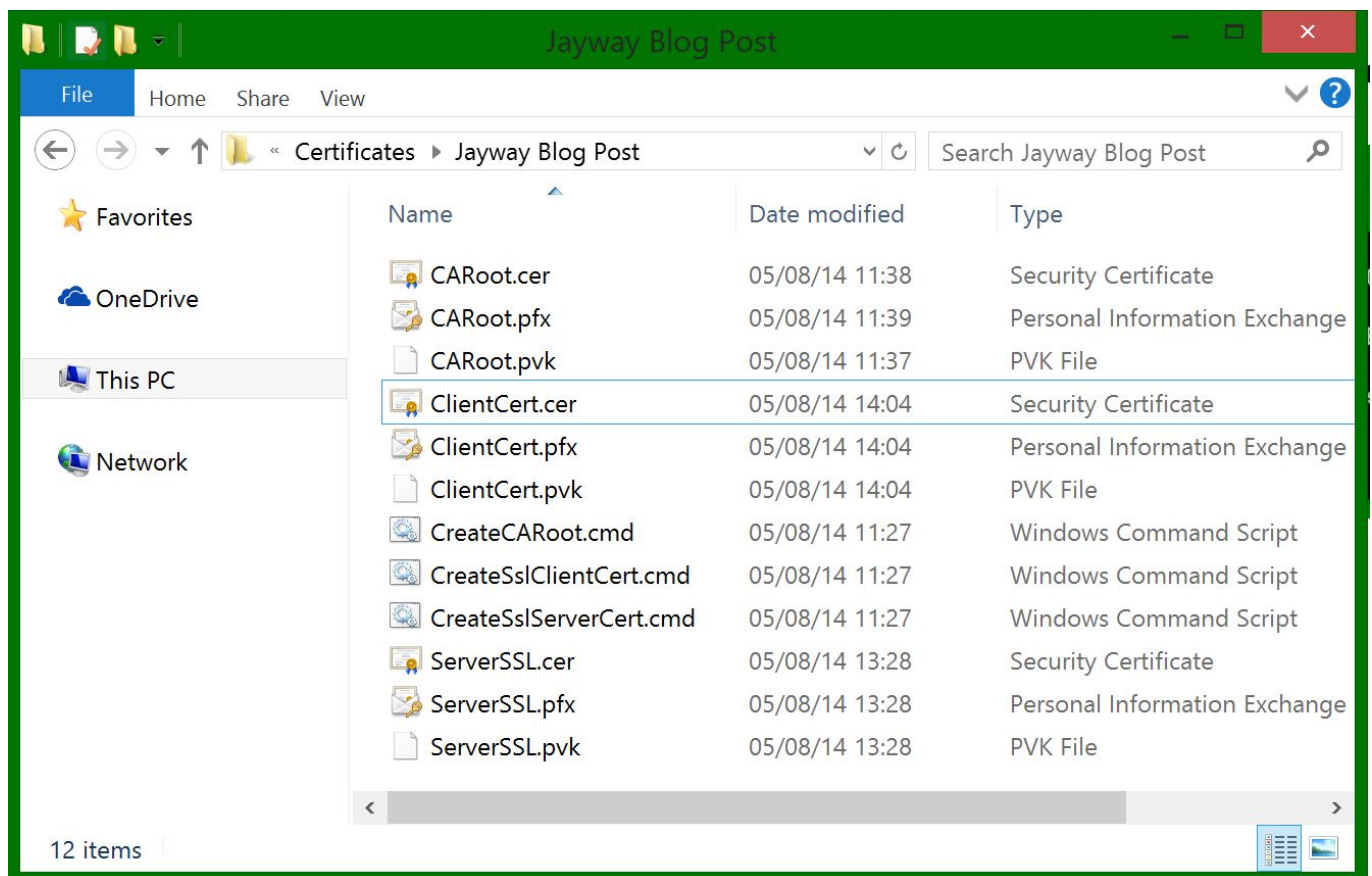

1. [makecert windows server 2016](#)
2. [makecert windows server 2012 r2](#)
3. [makecert windows server 2008 r2](#)

Just the makecert exe And certmgr.exe my internet connection is slow so Windows Server How-To.. How To Create a Self-Signed Certificate Using the MakeCert utility of the Windows SDK will allow for you to issue your own self-signed certs.
