Play as a Commando, a Medic, a Heavy, an Engineer, or the Sniper . Use your scope to shoot down guards, heal teammates, set traps, and blow open doors to discover the secrets behind The Old Blood. Explore the ancient cathedral city of Medici and face off against the evil force called DOOM. Quake's gameplay innovations include the 8-way move-air control scheme, the menu system, and the innovative Quake World physics engine. First released in 1997, Quake is currently the most played PC game of all time, and Quake World is one of the most popular PC games of all time. This was the first Quake to be released for Windows CE devices in addition to the Windows platform, and received positive reviews. Windows CE version features an improved user interface and support for many more mouse buttons than the Windows version. Quake 3 was the first game to be released for the GameCube in North America and became the most successful first-party game for the console in North America. It also became the first PC game on the GameCube. Quake 4 was the first to be released for PlayStation 2, Nintendo DS, and Microsoft Xbox. Quake 3 Arena was the first Quake game released on Linux and Mac OS X. On April 12, 2016, id

Software announced Quake Champions, a new first-person shooter, would be developed by id for the PlayStation 4, Xbox One, and Microsoft Windows. It was released on January 24, 2018. Reception Quake received critical acclaim on the PC platform, with critics praising the intense level design and sound. The game was a commercial success, and sold 1.8 million copies by July 1998. The PC version sold over 11 million units by the end of 1999. Quake was critically acclaimed for its revolutionary sound engine, most notably the "gun play" sound and music, as well as the gameplay features it pioneered, including the movement-air control scheme and the Quake World physics engine. In 1997, PC Gamer declared it the game of the year, and praised the game's level design, tense gameplay, and balanced difficulty curve. It was also praised for its extensive modding community, and is considered a classic in the FPS genre. In the August 1997 issue, PC Gamer US named it the best PC game of 1997, describing it as "the type of game that you get lost in, not just for hours but for weeks, a compulsive exercise 82157476af
